

Players Republik – Business Development Internship

Five Vector Inc. aims to bridge the gap between the different branches of the entertainment industry. By creating a network of synergic entities, Five Vectors Inc. is building entertainment products carefully curated to specific audiences and built to change with the market.

Based on a strong belief in the ever-increasing visualisation of music through video platforms and streaming, the Five Vectors Inc. ecosystem uses contents as a full-blown marketing instrument to create relevance for products that will enhance the user experience.

Players Republik is a hub to create 'Music solutions for Gaming'. Home to a wide array of social media outlets, applications and o&o tech solutions, Players Republik explores the gaming space on the entertainment level like no other company before.

What you'll do

As an active member of the team, you will assist in the daily tasks along the tech and business development line, from developer work on various technologies and apps, plus the business side of the overall ecosystem of Players Republik.

We invite you into a motivating environment, friendly and casual work conditions and a strong exposure to the business. This is a unique opportunity to develop your skills and leverage your professional exposure.

Key Responsibilities

- Together with the Business Manager, you will help in identifying new possibilities of tech development as well as setting a strong case for the business model.
- Alongside the Head of Gaming/Esports, you will help in reporting on the progress of new apps and solutions being built as well as overseeing the maintenance of the existing apps.
- You will create and post content for the different gaming music Instagram channels in the company's portfolio and find ways to interact with the community and with the company's other products.
- You will participate in all stages of the company's development and growth, including company functions and industry events.

Duration: Minimum 3 months

Contract: Full-time Internship Agreement

Compensation: 500 EUR

Start date: As Soon As Possible
